

Visidec focus | micro VF-M

Fits most displays from 12" to 24"

Mounting hole pattern:
from 75mm to 75mm wide
from 100mm to 100mm high

Maximum weight carrying capacity:
8kg (17.5lbs)

The Visidec Focus VF-M is designed specifically for areas where space is limited but flexibility is key. It's elegant design and polished aluminum finish add style and functionality to any workspace. This compact mount allows 70° up and 70° down tilt, and pan of 140 degrees of your display. 360 degree rotation around the pole makes it easy sharing your screen with others. Bolt through and desk clamp mounting options are both included providing greater flexibility when choosing an optimal place for display position. Versatility extends to monitor choice, thanks to Visidec's FlexiStar mechanism that allows two different mounting hole patterns: 75mm x 75mm and 100mm x 100mm. Cables are cleverly managed internally for a clean look and to reduce clutter.

Product key features:

- ✕ 360° rotation around pole
- ✕ Adjustable tilt: 70° up and 70° down
- ✕ Adjustable pan: 70° left and right, total 140°
- ✕ Portrait to landscape rotation
- ✕ 345mm (13.5") display height adjustment range
- ✕ Bolt through and desk clamp mounting options included
- ✕ Internal cable management
- ✕ Comes with all mounting hardware
