

Blackwire™ 610/620

Premium audio and comfort optimized for PC Communications

In today's competitive landscape, improving productivity has become a global mantra. For those who spend hours each day on long conference calls, webinars and video conferencing, the exceptional voice clarity and all-day comfort of the Blackwire 600 Series make communications more effective and productive.

Key features

Superior sound and call clarity

- Wideband for best PC audio telephony
- The unique dynamic EQ feature optimizes voice quality when on calls and automatically adjusts EQ settings for high-quality music or multi-media playback
- Noise-canceling microphone filters out background noise
- Digital Signal Processing (DSP) provides more natural voice sound
- SoundGuard® technology provides protection against audio spikes

Innovative, user-friendly design

- Engineered for all-day comfort; choice of foam or leatherette ear cushions (included)
- Call controls at your fingertips
- Simple plug-and-play USB connectivity
- Carrying pouch included for on-the-go use
