

The compact office keyboard

Q-board

Qboard

- Compact size; more desk space
- Less reaching to operate the mouse
- Conventional keys
- Comfortable and efficient in use
- Integrated numeric pad
- Conveniently positioned arrow keys
- 10 Office Hot Keys for commonly used functions

The Q-board is a compact, comfortable keyboard, dimensioned about 75% of the width of a normal keyboard. This reduces the distance a user has to reach for operating the mouse and allows a more comfortable body posture.

The Q-board is equipped with all the functions of a conventional keyboard with an integrated numerical pad and 10 additional Office hot keys.

The compact office keyboard

Q-board

Guidelines for healthy computing

The Q-board complies with NEN-ISO 9241-4, FCC, and CE standards.

The Q-board is recommended by ergonomic professionals and health & safety consultants.
